# qikbox

QikBOX is ideal for temporary or permanent power provision below the desk. QikBOX is compatible with OE Elsafe QikFIT power, data and AV modules for flexibility in configurations.

The QF45 size QikBOX is designed for on-site configuration and fast installation. Panel mount or sit in a basket, QikBOX is the cost effective way to provide services to the workspace.

QikBOX comes with fixing brackets for quick and easy installation using screws.
