

The new ULTRA series drop-in frame table box has been designed to provide a practical yet contemporary power, data and AV solution.

The drop-in frame is suitable for both new or retro fitting and is designed with extra depth to accommodate larger plug packs. The extra space also allows for the storage of cables inside when not in use.

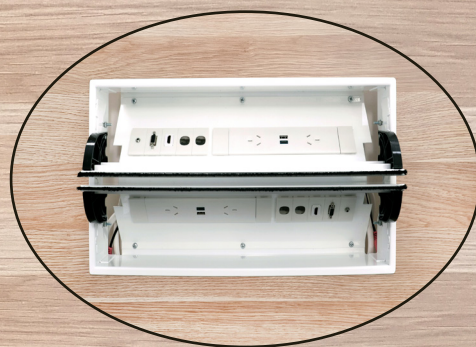

ULTRA is available in standard size with a double lid or the smaller ULTRA MINI which comes with a single or double lid. ULTRA has a unique and fast installation system to ensure that the chassis is securely fitted to the table/desktop.

The ULTRA lid is complete with a brush finish to allow access to power when the lid is closed.

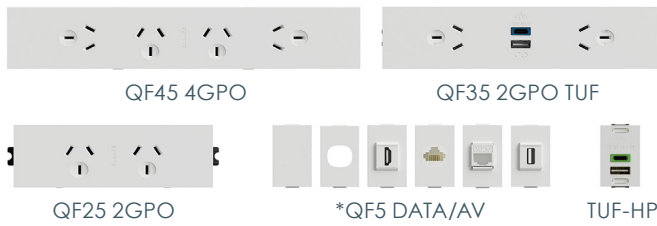

FEATURES

- Accepts larger plug packs including Apple
- Drop in frame for new or retro fitting
- Full sized with double lid
- Mini size with single or double lid
- Compatible with OE QikFIT range
